# Module 1: Compassion Lesson Plan 3: Let Me Know That You Are Human Too

A series of four one-minute videos by Sue Robins, sharing personal stories of tender care in health care.

### **Learning Outcome**

This lesson plan introduces the notion of storytelling for teaching to students. By the end of the session, students will be able to identify the value of careful listening to a very patient short story and identify the key learning from a series of one-minute videos.

Students will recognize the value of storytelling by engaging in a creative activity and practice telling a short story of their own through a writing or video exercise.
